<p>THE FOLLOWING INFORMATION IS QUOTED VERBATIM</p> <p>8. JK-29's proposal is not recommended for the purpose of gathering intelligence information on Hungary and for the operation of a chain. It is recommended, however, that Zako and Karoly NEY be approached with a request for them to provide W/T operators, bases, dropping points, etc. to be activated only in case of armed conflict. They could also be approached to organize sabotage in Hungary. In order to establish this contact with Zako and NEY, some-one whose contact with the American IS is unknown, should pose as the representative of a group of well-to-do Hungarian patriots in emigration.</p>
